Policy Manual

Transportation Policy

Adopted:

Last Revised 6/12/2023

Discovery Charter School does not provide transportation for students to or from school and/or school related functions. The responsibility of providing transportation falls on the families of our students. It is up to families to determine the mode of transportation to use. The school does not assume a duty, liability, or responsibility for the transporting of students to or from school and/or school related functions. In such, families assume all liability in transporting their students to and from school each day. Please be aware that during arrival and dismissal times that the geographical area surrounding the school is heavily congested. Families should use caution and keep this in mind when selecting and providing transportation for their children. We ask that families adhere to the stated procedures when dropping off or picking up students.
