

## Discovery Charter School 4-H Coding & Technology Club

2018-19 School Year  
Annual Indiana 4-H Program Fee \$15

September 20, 2018

Dear Parents,

Welcome back to school! I hope your children are having a great year so far!

Purdue Extension – Porter County is pairing with Discovery Charter School to host 4-H Coding & Technology Club for kids in grades 2-5 once a month after school as a part of our STEM initiative with local schools. Class size is limited to 15 students and on a first come, first served basis.

In order to register your child for Coding Club, please fill out the form at the following link (<http://bit.ly/DiscoveryCodingClub>). Once we reach our maximum 15 children or we reach the registration deadline of September 28<sup>th</sup>, you will be contacted with more information. To participate, we have a required enrollment form, as well as a \$15 program fee, per child. Checks are the preferred payment method and can be made out to “Purdue Extension – Porter County”. This is a one-time program fee that will only need to be paid once during our October-May run of 4-H Coding Club and covers any other 4-H participation throughout the year. The form and payment are due on the first day of Coding and Technology club, October 12<sup>th</sup>. This is, again, a first-come, first-served opportunity.

Starting in October and ending in May, the group will meet from 3:30-4:30 the second Friday of the month.

Those dates are as follows:

October 12, November 9, and December 12 of 2018  
January 11, February 8, March 8, April 12, and May 10 of 2019.

On the form found at the link (<http://bit.ly/DiscoveryCodingClub>), please register one child per submission. (If you are registering more than one child, fill it out individually per child).

We look forward to a successful session of STEM learning!

Sincerely,  
Brooke Sauter

Megan Carden
